Remarks as Prepared for Delivery

Hello, from a proud Texas Democrat! This November I'll cast my first vote in a presidential election, ever!

The fact is—our right to vote is under attack. I've seen it. Long wait lines. People blocked from registering to vote. Texans denied our voice.

Donald Trump's Republicans are making it harder for us to vote. But we won't let them get away with it. And Kamala Harris won't let them get away with it. She's fought for our freedom—she's fought for our voice. But we will only be heard if we vote.

As the saying goes, "If you're not at the table, you're on the menu." So, Gen Z, let's take our seat in our democracy and cast our ballots for Kamala Harris and Tim Walz.

And now, country music singer-songwriter, Maren Morris.
