Remarks as Prepared for Delivery

America Against America. It's the title of a book by one of China's highest-ranking leaders. And it's how they think they'll win. They know the only way they'll beat America is if we beat ourselves.

In Congress, my job is to study China's economy. And mark my words, they want to see Donald Trump across the bargaining table. Because he'll start endless trade wars that raise prices for America. Because he'll cut programs that train workers in America. But most of all, Trump will pit American against American.

And that's what China wants—for us to fight amongst ourselves. Because that's how we lose.

But we're not going back.

What does Kamala Harris tell us? "When we fight, we win." Because Kamala Harris knows how we fight best. Not American against American.

She knows that when we fight as one country, we win!

When we fight as one team, we win!

Which is why when Kamala Harris wins in November, we win.
