Remarks as Prepared for Delivery

Hello! Here's a fact: When Latinos vote, Democrats win.

Not everyone believes it, so I brought receipts. We flipped Nevada and Colorado in 2008. We delivered in 2020. Joe Biden and Kamala Harris won Georgia by 12,000 votes. Voto Latino registered 23,000 voters there. They won Arizona by 10,400. We registered 34,000 there.

We proved when Latinos vote, Democrats win.

Now they're trying to suppress our vote, our sacred and universal right as Americans. Let me be clear: Voto Latino has registered 1.5 million voters. And we ain't stopping. Since 2020, 4 million young Latinos have become eligible to vote. We're registering them faster than any time in our history.

This year we'll prove it again—when Latinos vote, Democrats win. Another fact: This year, more Latinos will vote than in any election in American history.

Together, we will make history and elect Kamala Harris.
